

Main Court Pickleball Match Finder App

Are you having a hard time finding pickleball games and courts to play on? Say no more! The best way to find games in the San Diego area would be with the app Main Court. Main court has a smooth operation system where you can find coaches, open plays, locations, and tournaments all in one place. I wanted to highlight the main court app due to the joy and the people I have met over the years because of this wonderful app. This company is on the rise and will continue growing and will soon be the go-to app to find games in the United States. Check it out and download it on the app store, and see you on the courts!
